How the Cancun Vista System Works

1. You review www.CancunVista.com website and decide on the tours and/or other activities you would like to participate in while in Cancun.
2. You e-mail us, if necessary, and our staff will happily answer any questions that you have. We will also send you any additional information that you require to make your decisions.
3. You then go to our secure reservation page on our web site and fill in the information about the tours and/or other activities you have decided to reserve.
4. On the same secure reservation page you fill in the information concerning your credit card number, expiration date, etc.
5. When we receive your payment, we will e-mail you a voucher for your hotel and separate vouchers for each additional tour and activity. We will also send you additional helpful information, such as, what to bring and a map of where to go and what time to arrive.
6. You then print the vouchers (sometimes called e-tickets, or coupons) on your computer's printer and the additional information – such as maps-, which will be attached to your confirmation e-mail. Bring them with you to Cancun, they are your prepaid “Passports” to your hotel and your tour activities while in Cancun. You will never be asked to meet any Cancun Vista representative and waste valuable vacation time. Your vouchers or e-tickets are your entrance tickets to tours, and activities.
